

They Paid It All, They Laid Down Their Lives

The people we are today, the values we embrace, the country we live in, the morals our families uphold, the faith to which we cling - they are a direct result of the legacy left by those who went before us.

Look at them.
Study their photographs.
Ask yourself, honestly:
*"What difference am I making?
What legacy will I leave behind?"*

By making a donation today, or pledging a monthly contribution, you are indeed leaving a legacy everlasting.

HOLY BIBLE

IT'S TIME TO STAND AND BE COUNTED

Like the gauges in a cockpit on a foggy night, the Bible is our guide. It provides us with the solid foundation on which we build our lives, our families, and our communities—and on which we leave our legacy.

...

Moral, physical, and spiritual absolutes where outlined in scripture for mankind, to govern our lives.

...

Marriage between one man and one woman was ordained by God, and is the very bedrock upon which strong families, communities, and societies are built—and thrive.

...

Life itself is knit by God in the mother's womb and must be protected—from conception to natural death or Christ's return.

...

Parents are instructed to guide their children's lives and to responsibly direct every aspect of their education and care.

...

Critical to our freedom are our First Amendment religious liberties, which we must protect and defend.

Legacy Everlasting

“All that is required for evil to prevail is for good men to do nothing.” — Edmund Burke

Today, we face perhaps the most aggressive policy attacks in history. Influenced by the extreme liberal left, people are blasting the sanctity of marriage and supporting social experiments in education. They want drive-thru divorces, gay marriage, and policies that are unashamedly anti-family.

What are we going to do about it? How are we going to stop the erosion of the legacy that was passed on to us?

The Florida Family Policy Council exists to protect life, marriage, family and liberty by training, and supporting leaders in your churches and communities who will work as strong, effective advocates to shape laws, influence public opinion, and equip additional advocates across Florida.

In essence, the FFPC works to reverse the disturbing trends and tragic consequences of family fragmentation, and is determined to build enduring cultural transformation.

We serve as a catalyst for change in three vital areas:

PREPARING LEADERS

Our educational programs feature worldview training designed to address the root issues affecting our culture. We train, equip, and support leaders to fight and win battles that will define our culture—and leave a legacy.

PROMOTING VALUES

We engage the Christian community to get laws passed that reward good conduct and punish bad, according to God's word. We believe in and pursue a system of laws that remain true to the vision of our Founding Fathers.

PROVIDING ACCOUNTABILITY

We hold elected officials accountable for their words and actions by informing Floridians of their promises and voting records. And we identify and support true statesmen/women running for public office.

The Legacy is Unraveling. It's Time to Turn the Tide.

Who would have imagined the day when we would see Biblically-based marriage between a man and a woman attacked so vehemently by throngs of Americans?

Traditional family values are being mocked and ridiculed.

Godly business owners, ministries, pastors, churches, and even just well-meaning Christian citizens are being threatened and maligned for living out their faith.

The legacy that was left for us is unraveling.

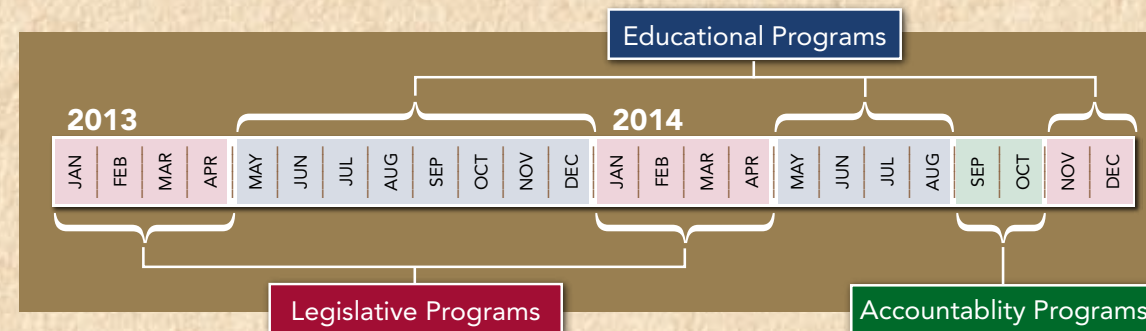

Legacy Everlasting is a three-year plan designed to turn the tide raging against Christians in Florida. Together, we will build enduring cultural transformation through:

FFPC Education Programs – They identify, train, and activate leaders across Florida, both within the home and throughout the community. FFPC has trained hundreds of leaders in key areas of the culture war – leaders grounded in biblical worldview and armed with the information and skills needed to influence others.

FFPC Legislative Programs – They provide a strong and respected voice for values in the FL legislature. FFPC has actively engaged on numerous critical pieces of legislation, including passage of the FL Marriage Amendment and defeat of multiple bills by Equality Florida, Planned Parenthood, and other leftist groups that would have diminished religious liberty, expanded abortion efforts, and used the government as a tool to promote homosexuality.

FFPC Accountability Programs – They reach hundreds of thousands of voters – via voter guides, mail/email, social networking, and community events – with critical information about local, state, and federal candidates, their beliefs, and voting records.

Thanks to the generous support of its loyal Mission Partners, FFPC has developed a remarkable record of success and a reputation for getting results on behalf of Florida families.

Legacy Everlasting

LEAVE YOUR MARK

It is the burning desire of thousands of generous Mission Partners across Florida that is helping us build enduring cultural transformation—and a legacy that will impact generations to come.

You can make your mark on the Legacy Everlasting campaign in three powerful ways:

PRAY

The work, goals, and effectiveness of the FFPC depends on a mighty movement of God. That is why our effort to bring enduring cultural transformation is built, first and foremost, on a foundation of prayer. This category of help is probably the most important of all. Thank you for remembering to pray often for FFPC and its ambitious work.

SHARE

For the FFPC, word of mouth is everything. In an attempt to be wise stewards of what God entrusts to us, we very rarely spend funds on paid advertising. Instead, we rely on Mission Partners like you to spread the word, tell your friends, and get others on board with our mission to promote enduring cultural transformation. Ask your friends if they are leaving a legacy—and tell them about FFPC.

GIVE

The dollars you give to FFPC help us continue our work educating Floridians and the body of Christ, stopping bad legislation and enforcing good, and holding elected officials accountable.
