WHEREAS, the World Health Organization (WHO) has proven itself to be a corrupt organization that has hampered worldwide public health efforts; and

WHEREAS, the WHO has a history of mismanagement and scandals, including the cover-up of severe sexual abuse by its staff in the Democratic Republic of the Congo following an Ebola viral outbreak; and

WHEREAS, the WHO is an opaque organization unaccountable to the United States government despite receiving between \$200 and \$600 million annually in United States taxpayer subsidies over the past decade; and

WHEREAS, as an organization, the WHO has chosen to place in positions of leadership on its executive board representatives of extreme authoritarian regimes such as the People's Republic of China, the Democratic People's Republic of Korea, the Syrian Arab Republic, and Belarus in complete disregard for the human rights abuses regularly committed by these regimes; and

30 effects and in covering up its origins, thereby increasing  
31 the severity of the pandemic and its death toll; and

32 WHEREAS, the WHO is currently in the process of  
33 drafting new International Health Regulations and a proposed  
34 Pandemic Preparedness Treaty that will further expand the  
35 organization's authority and empower unelected international  
36 bureaucrats through a "One Health" mandate to override  
37 national sovereignty in areas including energy, agriculture,  
38 climate, and public health; and

39 WHEREAS, granting the WHO such authority would  
40 empower authoritarian regimes, contribute to the theft of  
41 intellectual property, erode the sovereignty of western  
42 democratic nations in favor of an international technocracy,  
43 and threaten western liberal democracy; and

44 WHEREAS, the United States has its own Centers for  
45 Disease Control and Prevention to address issues of domestic  
46 and international public health and disease preparedness, an  
47 organization that is accountable to the people of the United  
48 States and their elected representatives; now therefore,

49 BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH  
50 HOUSES THEREOF CONCURRING, That the members of this body  
51 encourage the United States representatives and senators  
52 elected by the people of the State of Alabama to take all  
53 steps necessary and reasonable to permanently end taxpayer  
54 funding of the World Health Organization.

55 BE IT FURTHER RESOLVED, That the members of this body  
56 encourage the President of the United States and his foreign

57 policy officials to reject the creation of any policy, law,  
58 convention, or regulation, whether through amendments to the  
59 International Health Regulations or through the drafting of  
60 an international agreement regarding Pandemic Preparedness,  
61 that would in any way further empower this ineffective and  
62 corrupt organization.

63 BE IT FURTHER RESOLVED, That the members of this body  
64 encourage the United States government to ensure the  
65 fundamental freedoms of the American people against the  
66 corrupting influence of international entities such as the  
67 World Health Organization that all too often are under the  
68 influence of authoritarian foreign regimes that do not act  
69 in the best interest of the United States.
